THE COMMENCEMENT

NATIONAL AIR

Oh, say can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming,
Whose broad stripes and bright stars, through the perilous fight,
O'er the ramparts we watched were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there.
Oh, say does the Star-Spangled Banner yet wave
O'er the land of the free and the home of the brave?

Oh, thus be it ever when freemen shall stand
Between their loved home and wild war's desolation;
Blest with vict'ry and peace, may the heav'n-rescued land
Praise the Pow'r that hath made and preserved us a nation!
Then conquer we must, for our cause it is just,
And this be our motto: "In God is our trust!"
And the Star-Spangled Banner in triumph shall wave
O'er the land of the free and the home of the brave.

INVOCATION..... C. GORDON PHILLIPS, M.A.B.D.,

CONFERRING OF HONORARY DEGREES

HYMN—America

My country, 'tis of thee,
Sweet land of liberty
Of thee I sing;
Land where my fathers died,
Land of the pilgrim's pride,
From every mountain side
Let freedom ring

Our father's God to Thee,
Author of liberty,
To Thee we sing,
Long may our land be bright
With freedom's holy light;
Protect us by Thy might,
Great God, our King.

CHARGE TO THE GRADUATING CLASS.....THE PRESIDENT
BENEDICTION.....THE REVEREND CHARLES H. HEIMSATH, M.A., B.D.

DELIVERY OF DIPLOMAS AND RECESSIONAL

Note—The distinctive colors in the hoods and the tassels of the caps accord with the following table:

Liberal Arts	White	Medicine	Green
Theology	Scarlet	Dentistry	Lilac
Law	Purple	Commerce	Drab
Philosophy	Blue	Speech	Silver-Gray
Science (incl. Engin'g) ...	Gold-Yellow	Education	Light Blue
Music	Pink	Journalism	Black and White

The tassels on the caps of the Seniors indicate by this table the nature of their degrees. In the hoods of the faculty and guests the color of the velvet border indicates the type of degree, while lining of the hood shows the colors of the university which bestowed the degree.

HONORARY DEGREES

Doctor of Laws—Carl William Ackerman

Able overseas correspondent and interpreter for press and periodical during the Great War, thereby winning wide recognition for breadth of understanding, sanity of viewpoint and clarity of expression; competent and trusted administrator of corporate public relations; discriminating student of contemporary world affairs; vigorous spokesman for the untrammelled freedom of the American press; as Director of the Pulitzer School of Journalism of Columbia University a wise, far-sighted proponent of a sound, well balanced education for young men and women preparing to shoulder the responsibilities of writing and editing the newspapers of tomorrow.

Presented by Director Harry Franklin Harrington

Doctor of Laws—Lotus Delta Coffman

A distinguished educator whose career has been an inspiration to his profession; a stimulating teacher who through his keen insight and broad culture has contributed to the growth of many educators; a frontier thinker in the field of social leadership, who as President of the University of Minnesota has been an outstanding figure in the development of American higher education; an educational statesman whose counsel has been frequently sought by governments and educational institutions both at home and abroad; a man who because of his human interest and intellectual integrity has won the lasting affection of all who know him.

Presented by Dean Ernest O. Melby

Doctor of Laws—Henry Horner

Chicago born and schooled; lawyer; student of Lincoln and notable collector of Lincoln books. Judge of the Probate Court of Cook County for nineteen years; Governor of Illinois during the most difficult period of its history. An exemplary private citizen; an intelligent, faithful, courageous, unblemished public official.

Presented by Dean Leon Green

Doctor of Science—Charles Franklin Kettering

Pioneer in the advancement of scientific research in industry; engineer internationally known for his contributions to mechanical and electrical progress; inventor of small electric light and power unit for rural homes and starting, lighting, and ignition devices for automobiles. His researches have played an important role in the development of many important improvements in automobile material, design, and manufacture. Creative thinker, contributor to social progress, experimenter with boundless faith in the possibilities of human achievement in the field of technology; graduate of Ohio State University, sometime trustee of Antioch College, Vice President in charge of Research, General Motors Corporation.

Presented by Dean Ralph Emerson Heilman
